Human Japanese Download

“Just think what you can do with Japanese! It’s a language so different from English, so full of unique colors and shapes, that no one can fully master it in just a few weeks or months. Human Japanese is exactly what you need to start learning Japanese without feeling overwhelmed. You'll be rewarded with an experience that will make you feel as if you're learning a natural language! Over 1800 recordings of vocabulary words There are so many words and phrases in Japanese that you'll never get bored learning. But until now, you've never been able to search them! Human Japanese lets you search over 2700 words for example sentences, definitions, and pronunciations. It also has 2000+ colorful example sentences that show you the correct Japanese word choices, the way to use them, and what you should say in order to really understand the message being conveyed. These example sentences are easy to understand and use, and they never get boring. Quizzes and learning games You won't believe how much you can learn in just a few minutes! When you're eager to learn something and don't have much time, Human Japanese has thousands of quizzes and learning games that will help you get the answers you need quickly and easily. There are more than 30, and you can start from the very beginning. Each is easy to learn and fun to use, and they all teach you the same important language points. All the vocabulary words and grammar terms in Human Japanese are broken down into lesson themes that are easy to understand. By spending just a few minutes a day, you'll learn new words and phrases quickly. 1,200+ quiz answers You'll find that Human Japanese quiz answers are really helpful, and even if you're not looking for an answer, you'll be impressed by the detail they contain. The answers are often illustrated with pictures, expressions, or dialogues. So for example, when you're studying for a quiz, you'll feel as if you're getting a personal lesson from the professor. Textbook that works well with Human Japanese A big concern when you're learning Japanese is trying to memorize new words and grammar terms. Human Japanese's text is just the thing you need to learn the facts and figures that you'll need to communicate. This textbook is so helpful, it works well as a study guide for Human Japanese! If you're learning Japanese at a fast pace, the text
