I've tried installing Office 2016 manually using the ISO from the website and the OS on the system allows me to install Office 2016. I think I might have to first install the Office 2016 from ISO, and that I have to use the "Copy over existing installation" option, and then I can do the install from the downloaded Office 2016 installer. But the option "Copy over existing installation" does not exist on that ISO. 1) I think I might have to first install the Office 2016 from ISO, and that I have to use the "Copy over existing installation" option, and then I can do the install from the downloaded Office 2016 installer.
