She is the first woman to lead Sinn Fein, a republican political party. She was chosen as the second candidate on the first ballot, after an almost 18 months long leadership contest. The South Belfast Councillor had a fairly rocky start in her time in Sinn Fein, and was facing some criticism for some of her past views. In 2005 she voiced her opposition to the IRA ceasefire, saying "the reality is that we cannot move forward until we are honest about the past. ♦"

My problem is in an application I have a scenario where the information is stored in a very unstructured format, so I am not able to store it in a traditional form, I have to store in binary format. Also there is no common definition of this format. I am now trying to convert that text into a binary format, and I am not able to do so. As the format is not common and I am unable to convert it into common format so I have to store it in binary. Can anybody tell me how to convert it into binary or is there any other way to store it so that I can view it? A: A binary format is the most common way to
